The Agrarian Staff Chooses "Memories" as its Theme

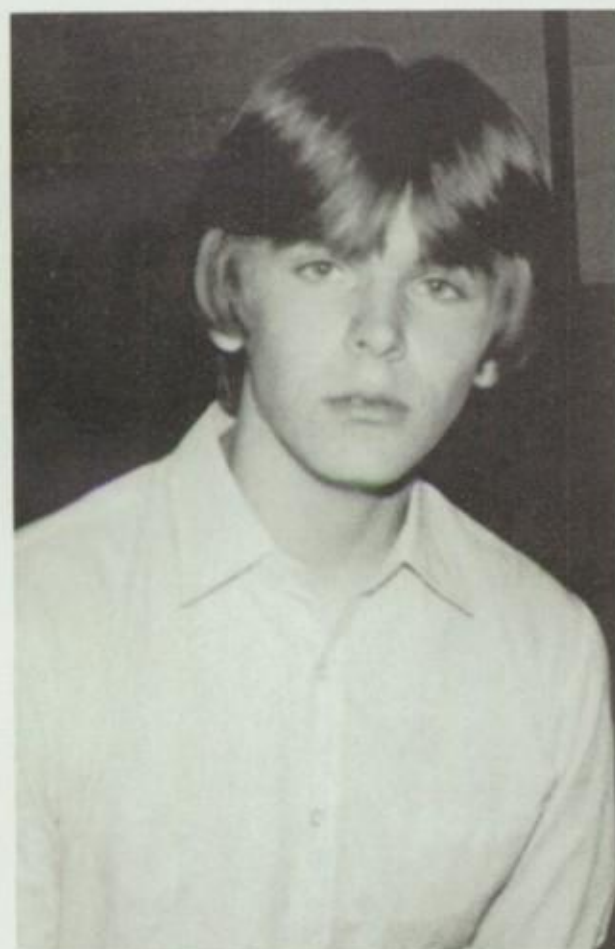

Better a little well kept than a great deal forgotten.

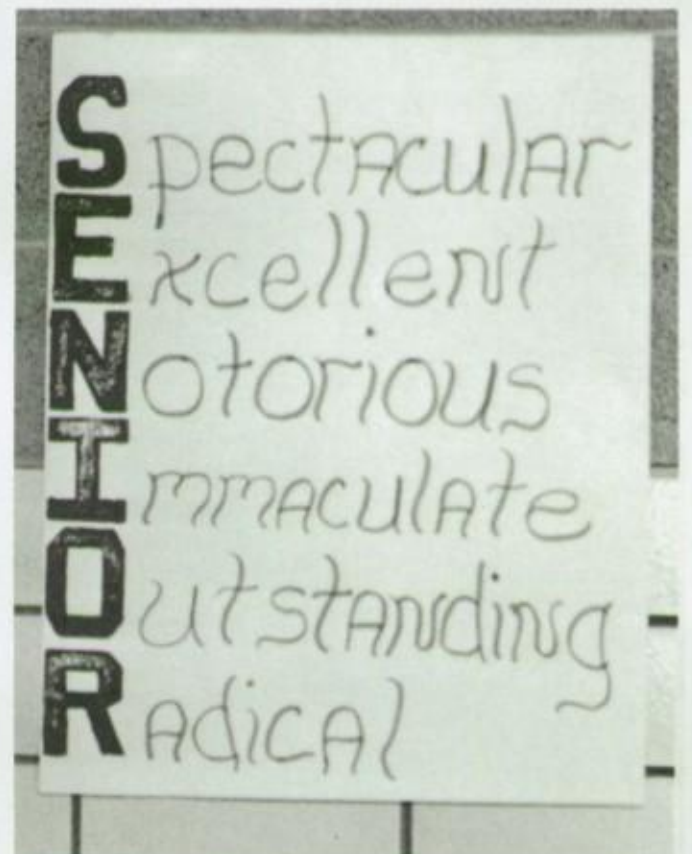

Bishop Hugh Latimer

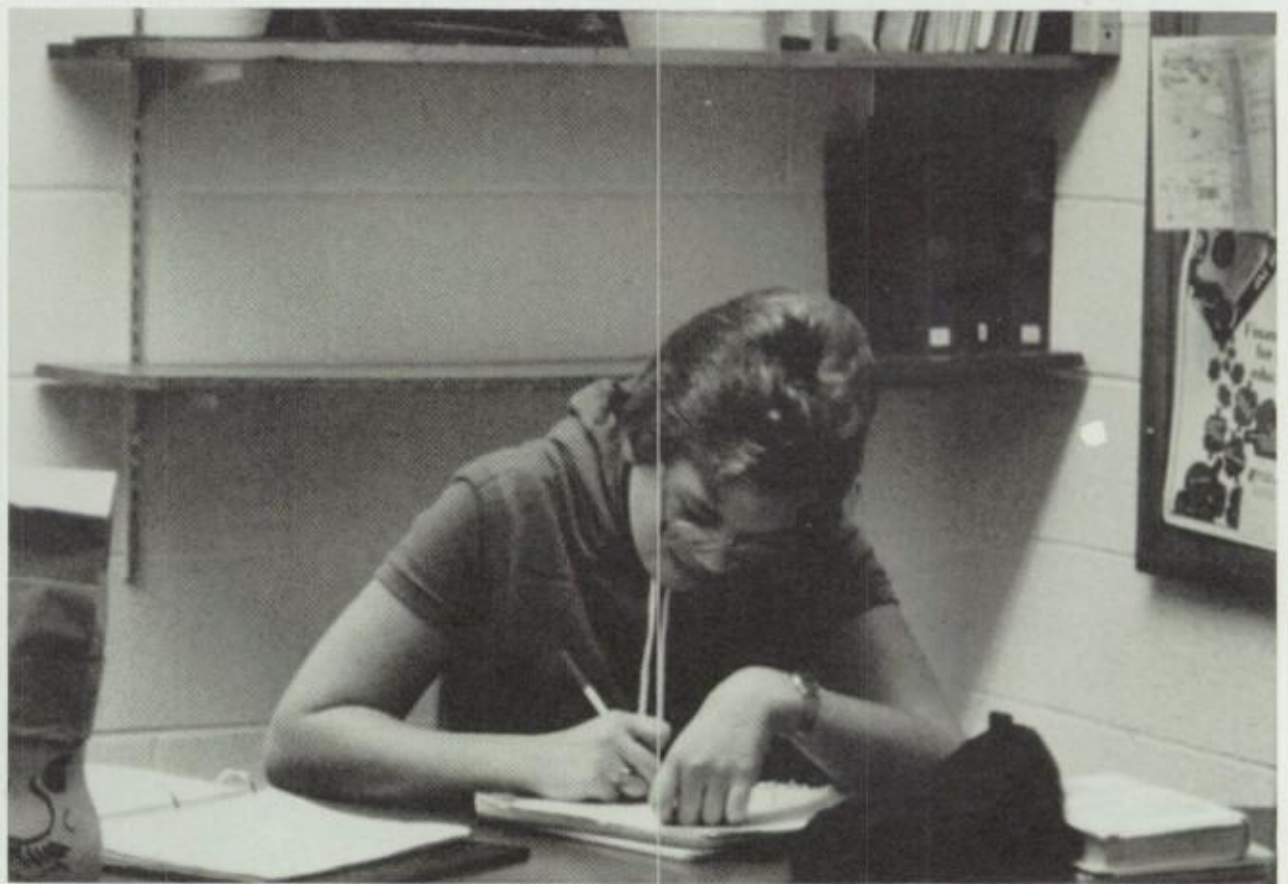

This quote by Bishop Latimer aided the Agrarian staff in selecting "Memories" as the theme of this 1984 edition. It expresses in one short sentence exactly what the staff hoped to accomplish: that is, include as many "memories" as possible in 144 pages.

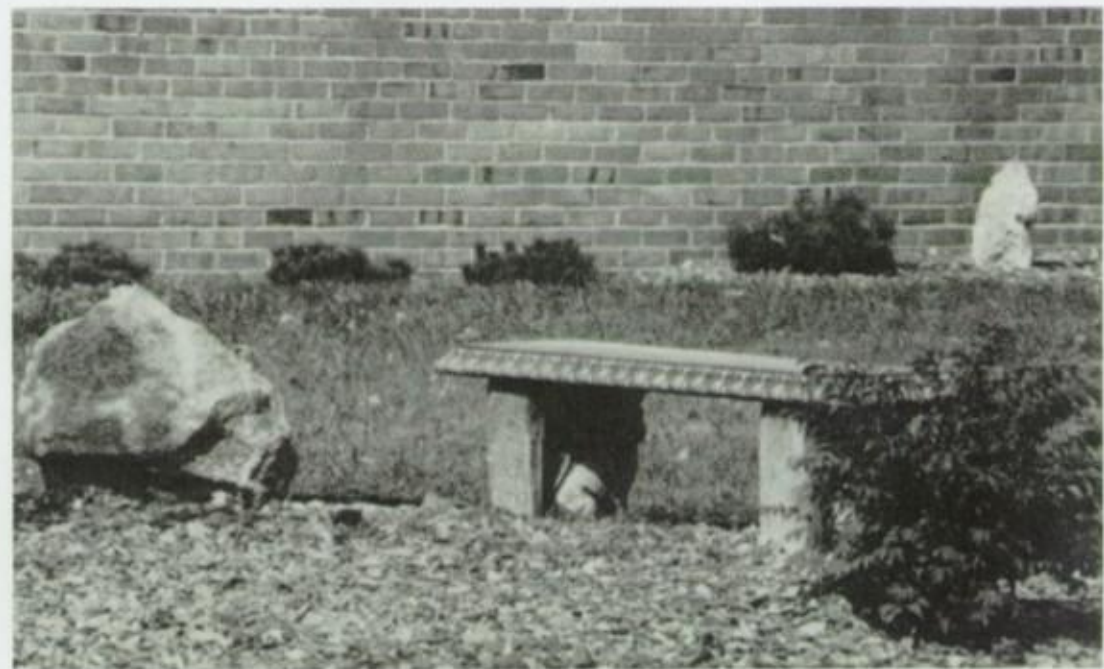

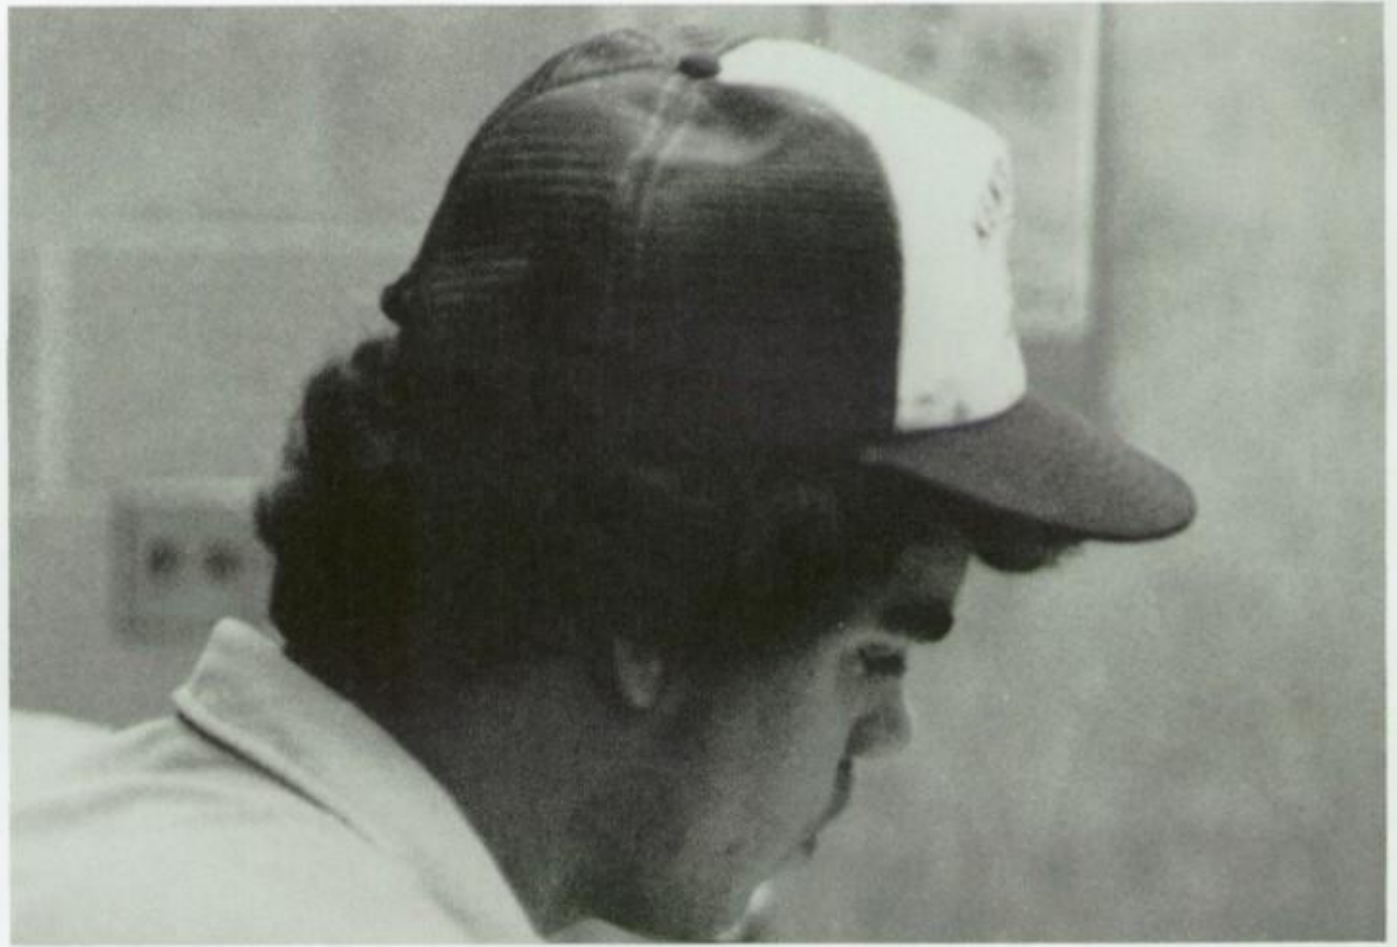

Perhaps one of these pictures or a line from one of these stories will spark fond "memories" for you, the reader, both today and many years from now, as well.

Homecoming Was a Dandy

Homecoming Week 1983 ended on a high note when Miss Sharon Armstrong was crowned queen during half-time of the Deerfield game, and John Clawson was proclaimed king at the Homecoming Dance following the game.

Sharon's court included seniors Tina Knaggs and Lori Nowak, junior Missy Curtis, sophomore Michelle Green, and freshman Gina Lucarelli. John's court was made up of seniors Matt Bahls and Everett DuPree, junior Blake Ritenour, sophomore Brad Daniels, and freshman John Goetz.

The seniors had chosen "Cereals" as the theme for the floats, and the sophomores took first place with "Cream the Minutemen."

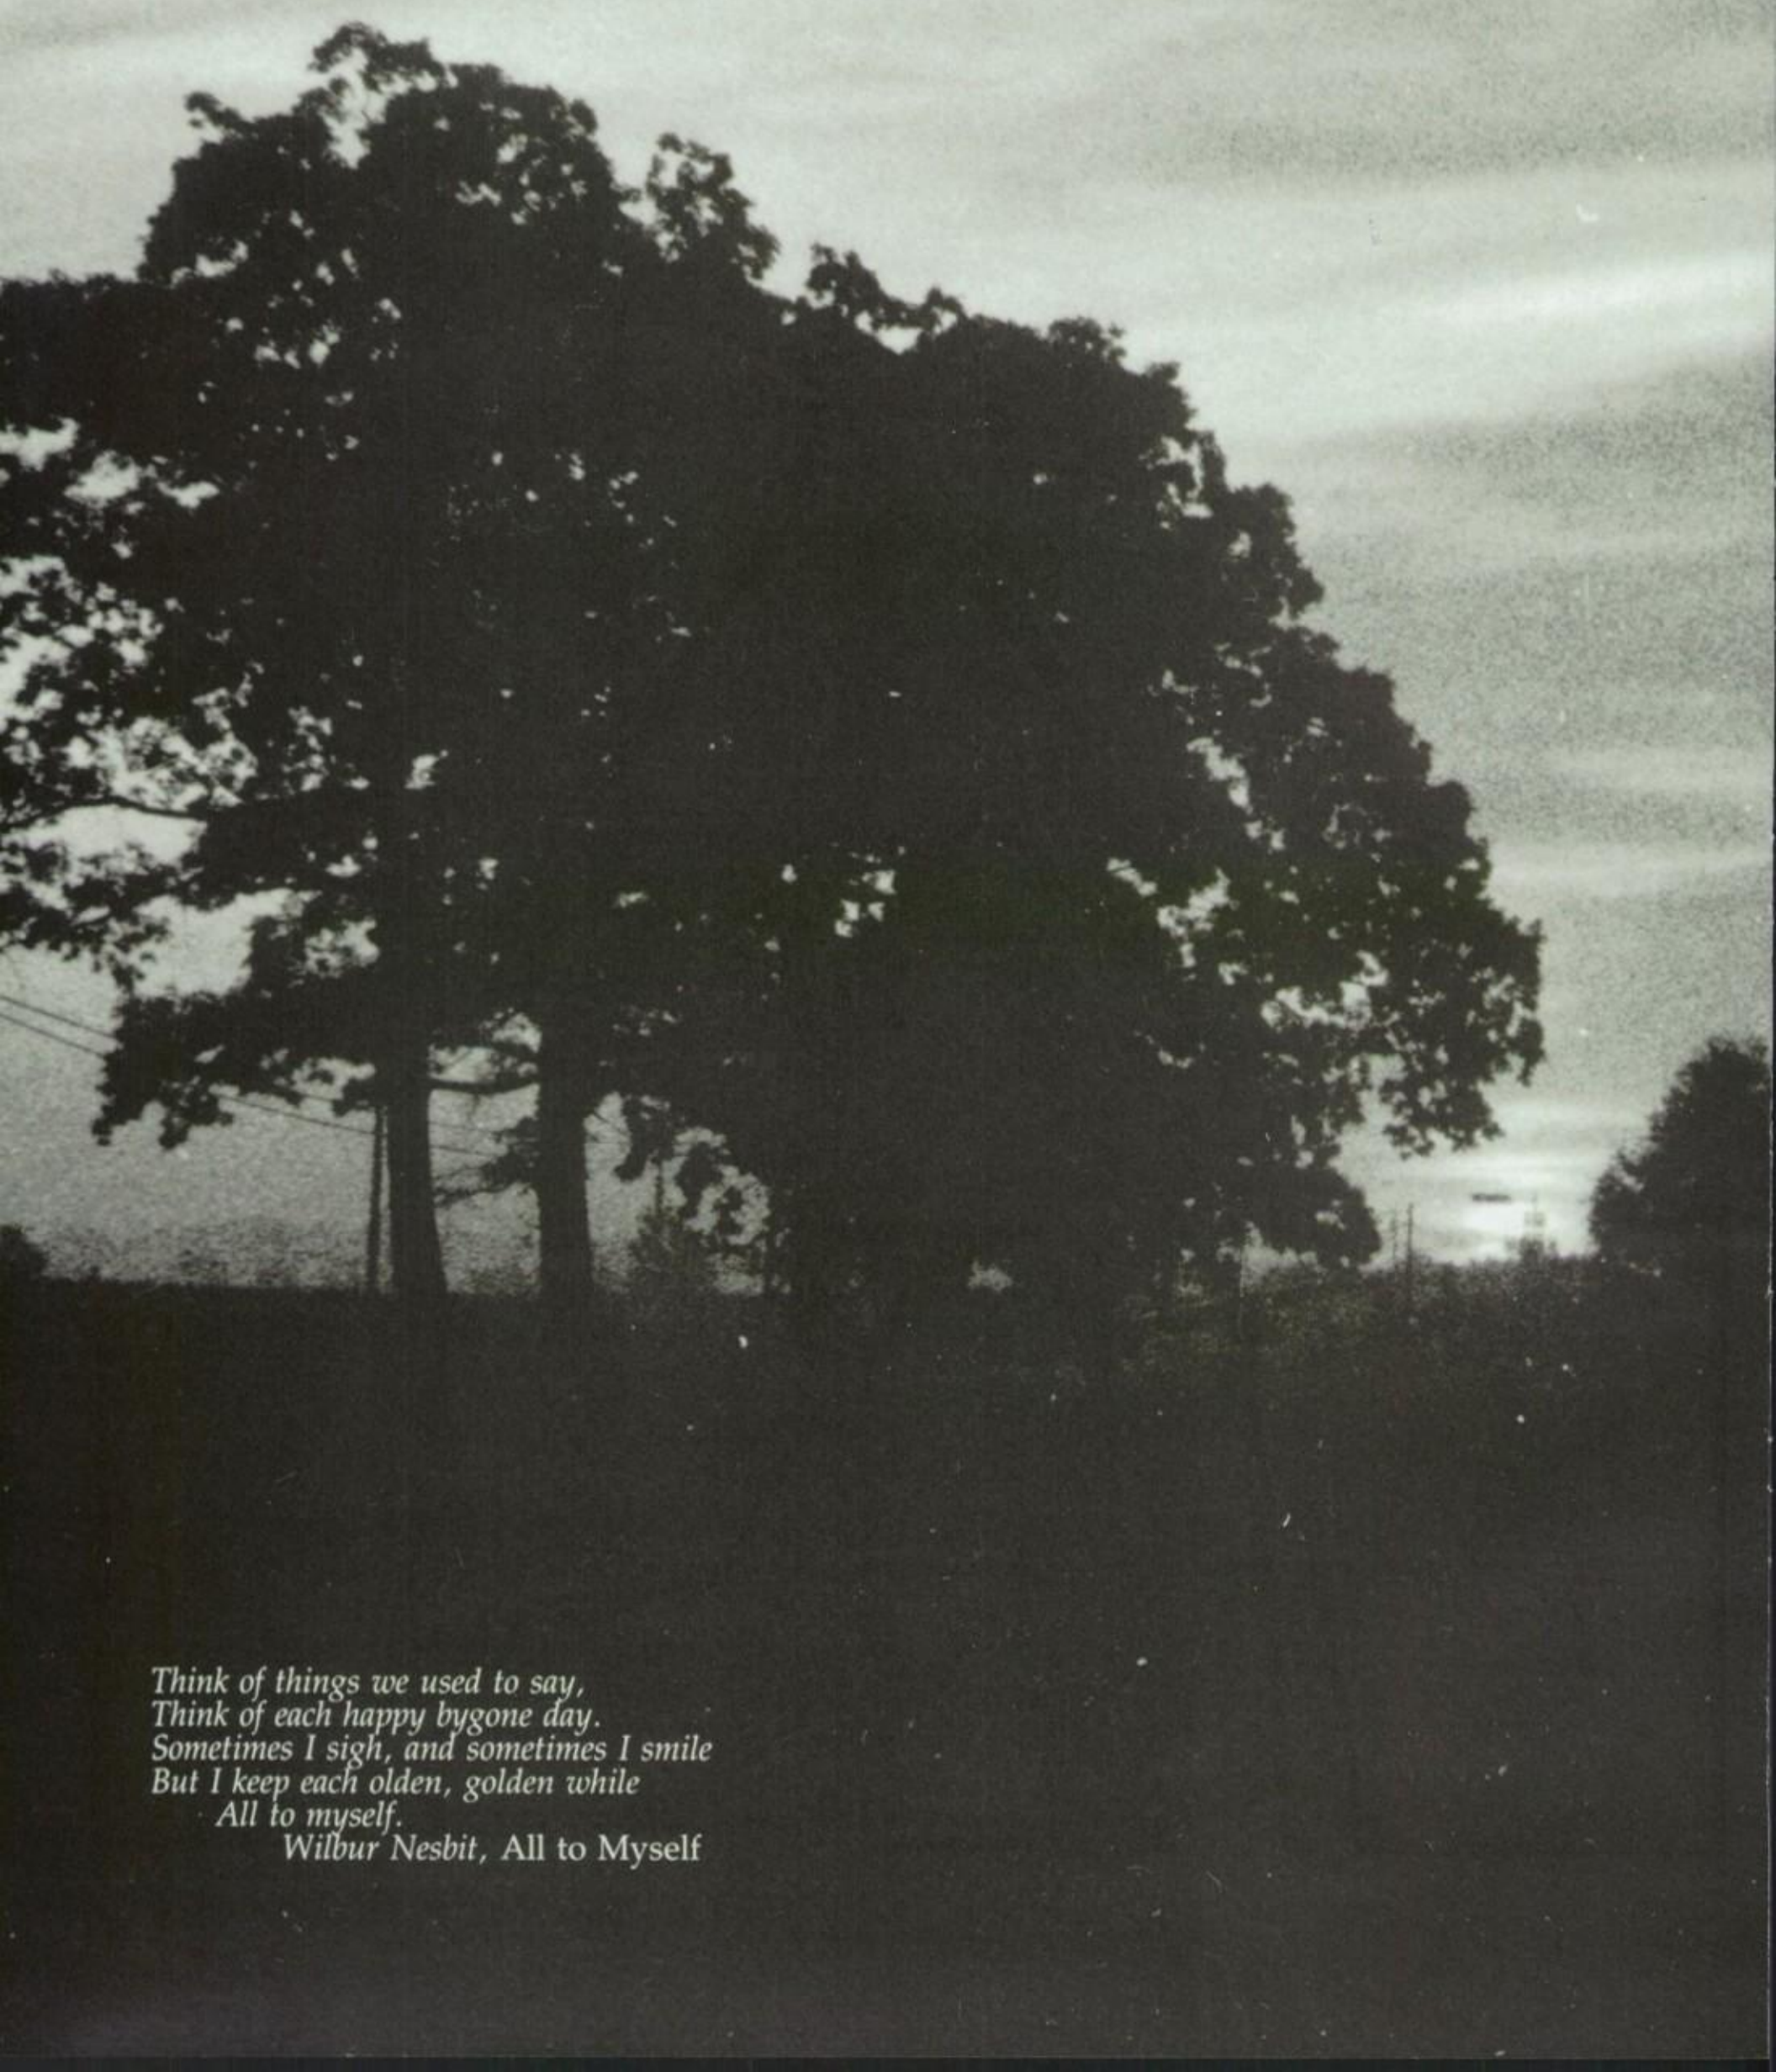

A unique approach to Spirit Week brought a first place win to the senior class. Members of the class presented a unified front, dressed up for the occasion, walked in dignified silence, and carried signs stating that their silence was a show of spirit.

The weather was beautiful, the crowd was enthusiastic, but the Bobcats lost a heartbreaker, 14-13, to the Deerfield Minutemen.

RECALLING THOSE SPECIAL MOMENTS

*Think of things we used to say,
Think of each happy bygone day.
Sometimes I sigh, and sometimes I smile
But I keep each olden, golden while
All to myself.

Seniors Wrap Up Many Memories

Do You Remember
 when you went to school the first day? You were five years old — scared yet excited, meeting all of the friends you'd spend to the next thirteen years with.
 when you moved from the little building to the big school? You had your own locker; no more sharing a shelf with everyone. Stepping up in the world, weren't you? You had your first taste of love, passing notes with a "circle one, yes or no".
 that week of camping in the fifth grade? You felt a little homesick and a little grown up because you were spending a week alone with your classmates and friends.
 when you reached the sixth grade? You had the most seniority in the elementary wing. You reached that goal of ruling the hall.
 seventh and eighth grade? Now you were in with the "big guys". You were scared when you were lost and late for class, but were proud to ask one-another what class you had "which hour".
 when you graduated to the ninth grade and became a Freshman? You had a title and a responsibility to lead those "little junior high kids". Gradually the years went by faster, and at the end of each year you watched out the window in anticipation as the Juniors and Seniors played softball and had water fights on Junior and Senior Day.
 those last days of school when the water was shut off and you hoped you wouldn't be caught with a squirt gun. For those who drove, it was a party in the parking lot, and for those who rode the bus it was a water fight in the back.
 when you took driver's ed? You finally made it behind the wheel. Phones rang endlessly as weekends neared, dates and plans were made.
 when finally, you were a Junior — just one step closer? You received an invitation to the 'Prom'. You were now able to take part in the famed Junior-Senior Day. You had a lot more pressure. What are your career plans? What do you plan to be?
 your next step? The biggest step of all! You've reached the top — you're finally a Senior. Trendsetters all, but deep down you feel lost — You have no-one to look up to. But as responsibilities pile up and you begin making decisions you can say with pride, "I made it". Dances and detentions, sock hops and after school activities, tests, quizzes, and reports, which seemed so crucial, are now memories . . . more valuable than ever imagined. Memories walk hand in hand with dreams. And such are the dreams that have grown with us from the first day when we wore a name tag with our name and bus number until the graduation ceremony when we wore our caps and gowns . . . Hold on to your memories for they are a key; the golden key that unlocks your dreams of yesteryear and opens the new door to the world.

Thinking

If you think you are beaten, you are
If you think you dare not, you don't
If you'd like to win but you think you can't,
It's almost a cinch you won't.
If you think you'll lose, you're lost,
For out of the world we find
Success begins with a fellow's will —
It's all in the state of mind.
If you think you're outclassed, you are;
You've got to think high to rise;
You've got to be sure of yourself before
You can ever win a prize.
Life's battle don't always go
To stronger or faster man;
But soon or late the man who wins,
Is the one who thinks he can.

BUILDING THOSE SPECIAL MOMENTS

Hence the reactions — appearances, memories, many things, go on playing upon it with consequences that I note and “enjoy” . . . noting

It also takes doing — and I do. I believe I shall do yet again — it is an act of life.

Seniors Jimmy Manwell and Brad Stevens had the best averages on the team at 40 and 43 respectively, followed by Steve VanBrandt, Terry Pant, and Jim Baumgartner. The latter 3 will all return next year.

Marching Band Marches On

The Whiteford Marching Band has a slight disadvantage because the school is so small. For its size, however, the band does a good job.

Honor Society Sponsors Play

The Whiteford chapter of the National Honor Society is a service organization for the school and the community. They earn money from donut sales, paper drives, and specialty sales. With this money they sponsor many projects including the Whiteford Food Closet, scholarships for graduating seniors, and the annual Red Cross Blood Drive. This year they are also sponsoring the school play.

School Board Revises 1983-84 Budget.

At a December meeting, the school board moved to revise the 1983-84 budget to provide for the restoration of programs and services totaling \$35,969. Items related to instruction and accreditation included two additional hours of reading instruction for first grade students \$3,806, part time library clerk \$3,000, library books and materials \$2,500, one additional week of counselor time \$745, and vocational education equipment \$10,000. These revisions were set to meet guidelines which the University of Michigan Accreditation Committee set for Whiteford.

In items related to school activities the board allowed \$1,374 for the *Agrarian* advisor stipend, \$3,551 for the music department, \$2,852 for the theater, \$225 for additional journalism expense, \$8,811 for athletic programs and \$105 for the Honor Society advisor. With the monies allowed for the sports programs, the Athletic Boosters were able to refund a part of the \$125 pay-to-play fee which had been charged to participants

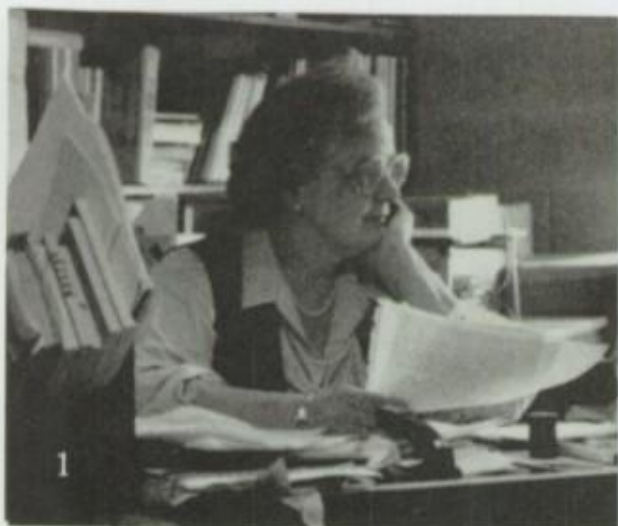

for the last three years. Refunds of \$60 were given to all athletes who have made contributions for fall and, or winter sports. The Boosters still ask for \$65 from athletes to play to keep the programs going.

Being Co-Editor of the yearbook was one of the most challenging responsibilities I have ever had. It took a lot of hard work, leadership, and time to accomplish all that had to be done. There were times when I just wanted out, but it was my responsibility and I couldn't let people down. You have to work at what you want, and I knew, once the book was finished, I would feel the success in me. Having the position of Co-Editor was something I wanted since last year. Ever since I was appointed Co-Editor, there have been some good changes in my life. I've worked with several different people and made new friends. Without their help, the book couldn't have been done.

I would like to thank all my teachers for their cooperation especially Mr. Scott who gave so much of his time. Also, I want to thank the "whole" journalism class that did such a great deal of work. My big thanks goes to Mrs. Madeline Fetzer. Without you I wouldn't have known when to start and when to stop.

Being Co-Editor may sound like a lot of work, but to tell you the truth, I would highly recommend the job.

Now that you have looked through the book, turn back to pages 104 and 105. These are the people who worked on the *Agrarian*, with the exception of Randy Drager — the *Static* editor-in-chief who devoted his time to the paper. These are the people to whom I would like to give special thanks for all their time spent. I would also like to thank Mr. and Mrs. Fetzer for the use of their house; Doug Bynum, our sales representative, for his help and advice, David Kuchcinski for lending his Canon camera, Mr. Scott for developing pictures, and the parents of all the students for letting them spend so much time working.

I thoroughly enjoyed my two years working on the yearbook. I learned a lot while gaining responsibility.
